85%

Internet Users Watch Online Videos

NO THIRD PARTY MARKETPLACES

There was no easy way to sell Live Online Sessions or Pre-Recorded Online Videos from your own website until Yondo

Chosun, one of Korea's largest media companies, announced at their 2018 Blockchain Cryptocurrency Event: "Yondo is one of the most desirable and successful cases of current ICO's."

List Yondo as one of the "Top 3 Must-Have Online Tools"

WHO OWNS IT?

IT'S A MONOPOLY, WHICH MEANS FEWER REWARDS FOR LIVE AND PRE-RECORDED VIDEO CREATORS

76%

Online video market share

15%

Online video market share

27%

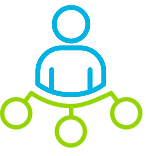

Live video market share

HOW DOES IT CHANGE?

YONDO WILL CHANGE THE ONLINE VIDEO MARKET

Yondo is an All-In-One ecommerce platform that allows users to sell digital products including online videos, live video sessions, real-time interactive video presentations and video courses. Instead of sending their customers to third-party providers now users can drive their customers to their own website with their branding and keep 100% of the revenue.

OWNERSHIP

Video creators are totally in charge of how they offer and market their video

FREEDOM

Video creators now have greater control over their rights and IP

REVENUE

Video creators now can retain 100% of their revenue

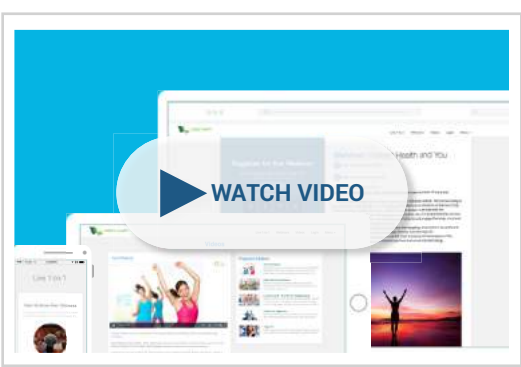

YONDO'S NUMBERS

623% Growth over the last 12 months

114 Thousands of Users in **COUNTRIES**

Yondo has grown its customer base to include leading organizations such as Entrepreneur.com and Departments of the United States and the Australian government. As well as over twenty partnerships with major companies including Slack, Google, Dropbox, and Hubspot.

YONDO PRODUCTS + AI

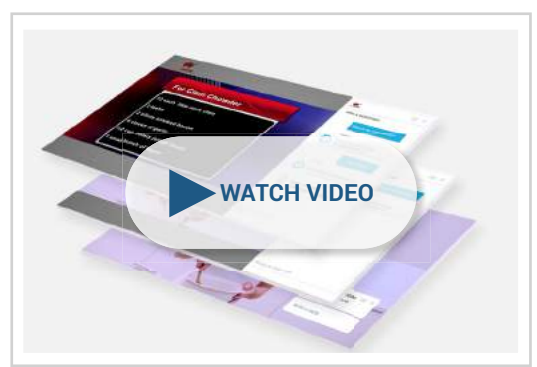

All-In-One Video Ecommerce

Allows users to sell digital products including Online Videos, Video Courses & Live Online Video Sessions (Live since 2015)

Live Experience

Record and edit the perfect online presentation and present it as a live event with real-time interaction (Live since 2017)

AI Technology (2019)

Yondo AI answers customers questions as your pre-recorded online video is playing, taking online engagement to a new level. (2019)
